

25 YEAR  
RE-REVIEW

1 August 1958

Dear

25X1

I would like to take the occasion of your leaving my office, where you have been working with the Inspector General, to express my appreciation for the fine work which you have done during the period you have been here.

Your work on the four surveys in which you have participated--WH, NE/A and WE Divisions and the CI Staff--has been of a high order, and your suggestions contributed materially to the quality of these surveys.

I will follow with interest your activities
